FADE IN:

INT. LIBRARY - AFTERNOON

GABE and LOGAN walk to a table.

GABE

No, like, I'm telling you my roommates are awful. I can't go one day without them getting on my nerves.

Gabe and Logan sit at the table and put their bookbags on the floor.

LOGAN

Really? It can't be that bad. Have you tried to talk to them about it? I've had some issues with my roommates, but it's usually fixed when we talk about it.

GABE

I've tried, but they ignore me every time. Like two weeks ago, Trent got drunk and thought it was a good idea to put tequila in the Brita filter.

Logan is disgusted.

GABE

It didn't filter out the alcohol like he thought it would. All it did was make the water taste like tequila for two weeks.

LOGAN

Ew man that's gross. Maybe you could get a separate Brita filter?

GABE

I know right! I thought of that too, but I'm sure they would find a way to mess up the new one too. I'm just going to keep water bottles in my room.

LOGAN

Oh, that's a good idea! At least your biggest problem with your roommates is little stuff like that.

Gabe gives Logan a confused look.

GABE

Um...no. We have way bigger problems than a Brita filter. Have I told you about the wall situation?

Logan looks confused.

LOGAN

The wall situation?

GABE

Yeah well, one night MASON was arguing on the phone with his girlfriend. He got so worked up that he punched a hole in the wall. So now we have to figure out how to fix it without the landlord knowing.

LOGAN

Yikes...but how are you guys supposed to fix it if they ignore you every time you try to talk to them?

GABE

Who knows. I'll either have to fix it myself or not get the security deposit back.

LOGAN

Dang that sucks. At least you move out soon, that way you don't have to deal with them anymore.

GABE

That's true. I can't wait to get new roommates.

LOGAN

I bet.

Logan looks at his phone to check the time. Logan grabs his book bag.

LOGAN

My class starts in 5 minutes, so I'll talk to you later. Let me know if you ever need a place to take a break from your roommates!

Gabe unzips his bookbag and sets his laptop on the table.

GABE

Alright, I'll see you later! I  
appreciate it!

Gabe starts to work on homework on his computer as Logan is  
in the background walking to the door.

FADE OUT:

THE END
